

Features

- Portable current interrupter
- GPS continuously synchronized
- Touch screen user interface
- Programmable local time GPS offset
- Battery conserving sleep mode
- Start with OFF or ON
- 5 programmable time schedules
 - ⇒ Interruption cycle
 - ⇒ Start and stop times
 - ⇒ Start and stop dates
- Holds CP power ON or OFF when not interrupting
- SuperCon® output terminals
- Storage compartment for cables and accessories
- Comprehensive 2 year warranty

Included

- CI-200TS Current Interrupter
- AC charger; 120/240V AC, 50/60 Hz input
- Interruption cables with lugs
- Magnet mount GPS antenna
- Operation manual

Technical Specification

- Capacity DC: Up to 200A, up to 250V DC
- Capacity AC: Up to 200A, up to 600V AC
- Switching: Mechanical relays
- Case: IP67 / NEMA 4X plastic case with O-ring seal and locking hasp
- Dimensions: 40.5cm x 33cm x 18cm (16" x 13" x 7")
- Weight: 13.5 kg (30 lb)
- Battery: 11.1V 9 Ahr Lithium Ion
- User Interface: 4.3" color LCD capacitive touch screen
- External Power: Accepts 12-30V AC/DC external power to supplement battery life
- GPS synchronized, with magnet mount antenna for easy placement with view of the sky
 - ⇒ Cycle time: 1 second to 360 seconds
 - ⇒ Off time: 0 to 9999mSec (synchronized to the beginning of the minute, 0 seconds)
- Non GPS synchronized operation also possible
